

Plate

A clean time management tool

Samuel Shuert, Matthew Schardt & Max Mahn

1 Overview

Meet the Team

Samuel Shuert

Database & Authentication

Matthew Schardt

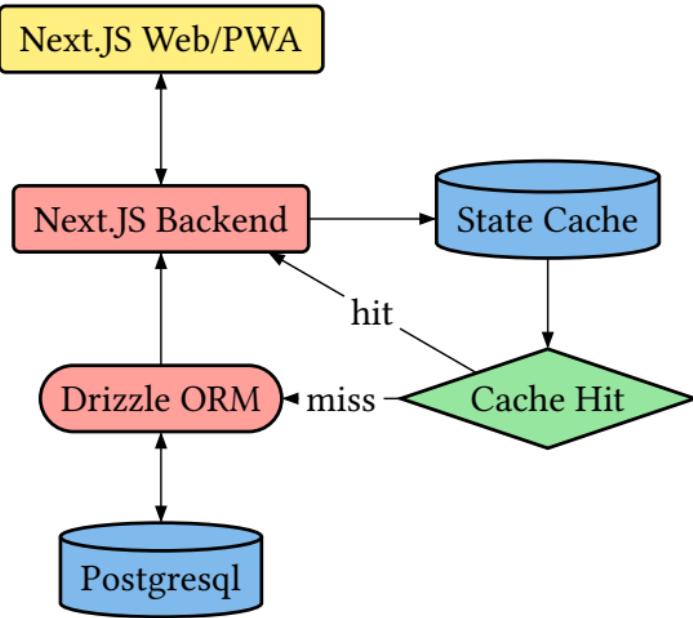

React State

Max Mahn

Frontend React

All roles subject to change to meet demand

Architecture

2 Project Status

Tasks Completed

- Database models
- Calendar frame

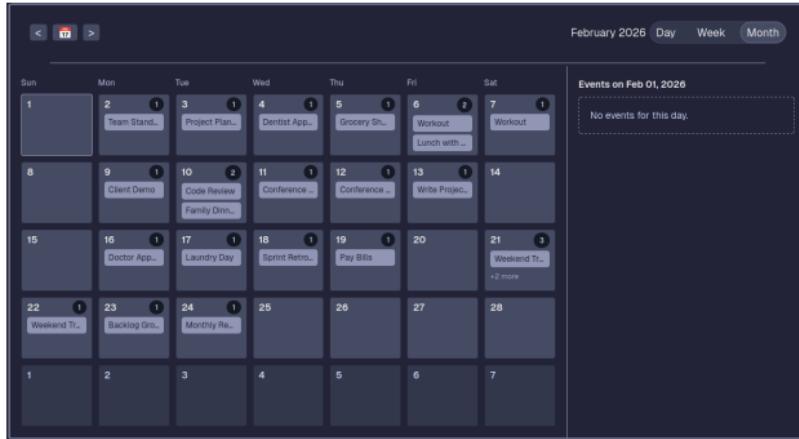

Figure 1: Completed monthly view

Figure 2: Completed weekly view

Issues

- Calendar styling
- Mobile view

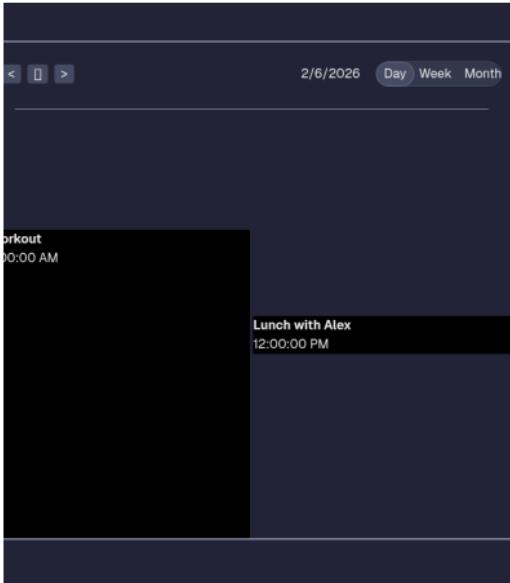

Figure 3: Day view needs matching styling

Figure 4: Small screen sizes have issues displaying content

Upcoming tasks

- User Account and Authentication
- Add/Edit/Delete Events

3 Problem Solving

Difficulties

- Matt has always worked as a solo developer, he had to learn to rely on others code to work without spending his time poking through their code.

Learnings

- Next.js
- Remote Collaboration via a shared terminal
- Our Sort Function

4 Repo information

Statistics

Overview

1 Active pull requests 2 Active issues

↳ 0 Merged pull requests	↑ 1 Open pull requests	⌚ 0 Closed issues	⌚ 2 New issues
--	--	-----------------------------------	--------------------------------

Summary

Excluding merges, **3 authors** have pushed **7 commits** to main and **10 commits** to all branches.

On main, **0 files** have changed and there have been **0 additions** and **0 deletions**
